ABOUT ROBOTIME

Robotime is a highly successful, world-famous brand that focuses on 3D wooden puzzles, wooden and plastic DIY crafts and educational toys. Robotime owns three sub-brands: ROKR, Rolife and Rowood. They were founded in 2007 with the vision to create fun and innovative products that would add joy to peoples' lives.

Robotime products are sold in nearly 200 countries in ecommerce and by retailers of all sizes. You will find Robotime products beautifully merchandised in bookstores, gift stores, toy stores, department stores, craft stores, hobby shops, florists, garden centers, pharmacies, and museums. Retailers from many different channels are successful with the brand because of the innovative merchandising program available to them.

ROBOTIME provides innovative, imaginative, and educational products to its worldwide customer base. ROBOTIME has designed over 1000 DIY wooden puzzle items producing series including Mechanical Gears, Marble Runs, Book Nooks, DIY Mini Rooms and Music Boxes. Their goal is to design DIY products for your customers that will strengthen their creative capability and enhance their leisure time enjoyment. In addition, the excellent R&D team can also offer customized projects to meet your special market needs.

ROBOTIME is well known for its:

- **Rich experience** - over 15 years in wooden puzzle design.
- **Originality and creativity** - over 300 designers and engineers.
- **State of the art manufacturing facility** - over 2,000,000 sqft of factory space with 1200+ employees producing 20,000,000 products per month.
- **International and Local certifications** – including FSC, BSCI, FAMA Disney, EN71-1-2-3, EMC, ASTM-F963, and EN62115.
- **Global Trade Show Attendance** - in New York, Nuremberg, Frankfurt, Moscow, Hong Kong, and mainland China.

Their manufacturing team always keeps in mind that "Quality is the priority", so they are constantly working to improve their processes, procedures and products to reach the standards of EN71, FSC, and BSCI. They believe all children should grow up happy when assembling their innovative products. They also want their business partners to grow and be successful by selling and promoting Robotime products. Join them on this fun filled journey!

Rolife

Beautiful DIY Miniature Houses, Music Boxes and 3D Puzzles

Rolife provides many creative DIY gifts. The crafty nature of the products helps the builder find happiness by immersing themselves in a rewarding project where they can either follow the instructions to the letter or become more creative with customized pieces of individualized self-expression. Rolife aims to design items that are easy to assemble and help to release pressure of everyday life. They do this through the classic architecture found in most of their houses. Because of the attention to detail and the familiar accessories you'll become attached to the project as you assemble it.

DIY MINIATURE HOUSES | 14+

DIY miniature house: Every house tells a story. Each miniature house is a scene of life and a vividly presented dreamland at the same time. The DIY miniature house features wooden boards as the main material. The main selling points are the space aesthetics, attention to detail and playful design. The main product value is the experience of handmade crafts that promote inner healing.

Just enjoy the pleasure of creating a cute house.

ROKR MECHANICAL AGE | 14+

This series is a slight departure from the Robotime franchise as these powered DIY models are made from plastic and metal parts with electronic internals to create surprising visuals. The action-packed mechanical beetles boast flapping wings, LED lights and other moving parts. Just touch the button on the base and watch them go. These high-quality DIY kits have been meticulously decorated ensuring your finished project will look just like the picture. Pieces snap-fit together so glue is not required. All electronics come in subassemblies and do not require soldering. You'll be impressed with the parts and the results you will achieve. These are great conversation pieces for any office, gaming room or den.

PARALLEL WORLD MABLE RUN | 14+

The electric ladder drives the marbles to shuttle in a cycle. When the marbles pass the sensing point, the LED light group produces dynamic light effects. Multiple combinations make the playability stronger, and the marbles can shuttle between different styles. Modular assembly, no glue needed, the modules are interlocked by mortise and tenon structure, stable and easy to assemble. Each product has a super-long track length of 170cm + and 3 different track paths. The track paths are stacked and staggered, multi-layered in 3D structure.

TIME ART | 14+

This series of products are created by Miko, a famous European designer, to create beauty with the combination of machinery and time. The beauty of animated movement and elaborate laser cut wood create a timepiece that is also a work of art. These clocks and calendars tell you the exact time and date. While they are beautiful, they are useful in real life.
